

Health, Safety and Environment Policy

Cascade Carriers' Health, Safety and Environmental Management System is designed to provide an injury and incident free workplace. Our performance standard is ZERO Injuries, ZERO Incidents and ZERO Environmental Issues. Cascade Carriers is committed to the protection of all our employees, contractors, visitors, shareholders and the public through our System of Loss Prevention.

We are also committed to protecting the Environment and to maintaining Public Health and Safety throughout our operations for this and future generations.

Management functions will comply with Company safety standards as they relate to planning, hiring, training, operations, equipment and facility requirements.

We are committed to eliminating or reducing the risk of hazards that can cause injuries or incidents. All employees and contractors will be equally responsible for reducing risk within our Company by ensuring they understand safe work procedures and apply them to every aspect of their work processes. Each department is responsible for providing a safe work environment, including a clear understanding of safety procedures and ensuring appropriate training so that maximum productivity may be achieved without injury or incident.

Cascade Carriers will comply with all Federal and Provincial statutes that are applicable to our operation. All workers will be familiar with the Occupational Health and Safety Act and Regulations which we are governed by.

A Safe and Healthy Work Environment are both the right and obligation of every worker. We will not compromise on the safety and health of our people.

Debbie Lawrence
Safety Director

Kevin James
Sr. Vice President
